This is a work of fiction and parody. Names, characters, businesses, places, events and incidents are either the products of the author's imagination or used in a fictitious manner. Any resemblance to actual persons, living or dead, or actual events is purely coincidental. All characters are in no way associated with the Mr. Men franchise, nor are the stories and should be viewed as parody under fair use.

Barry Beer gets up & has some breakfast of pancakes & a cup of tea.

Then he grabs his car keys to go for a drive, but...

... he can't go anywhere... Barry Beer is EMPTY!

Poor Barry Beer!

Barry tries to remember the last time he was full... last night... he was very full then! But he can't quite remember who he was with or how they filled up.

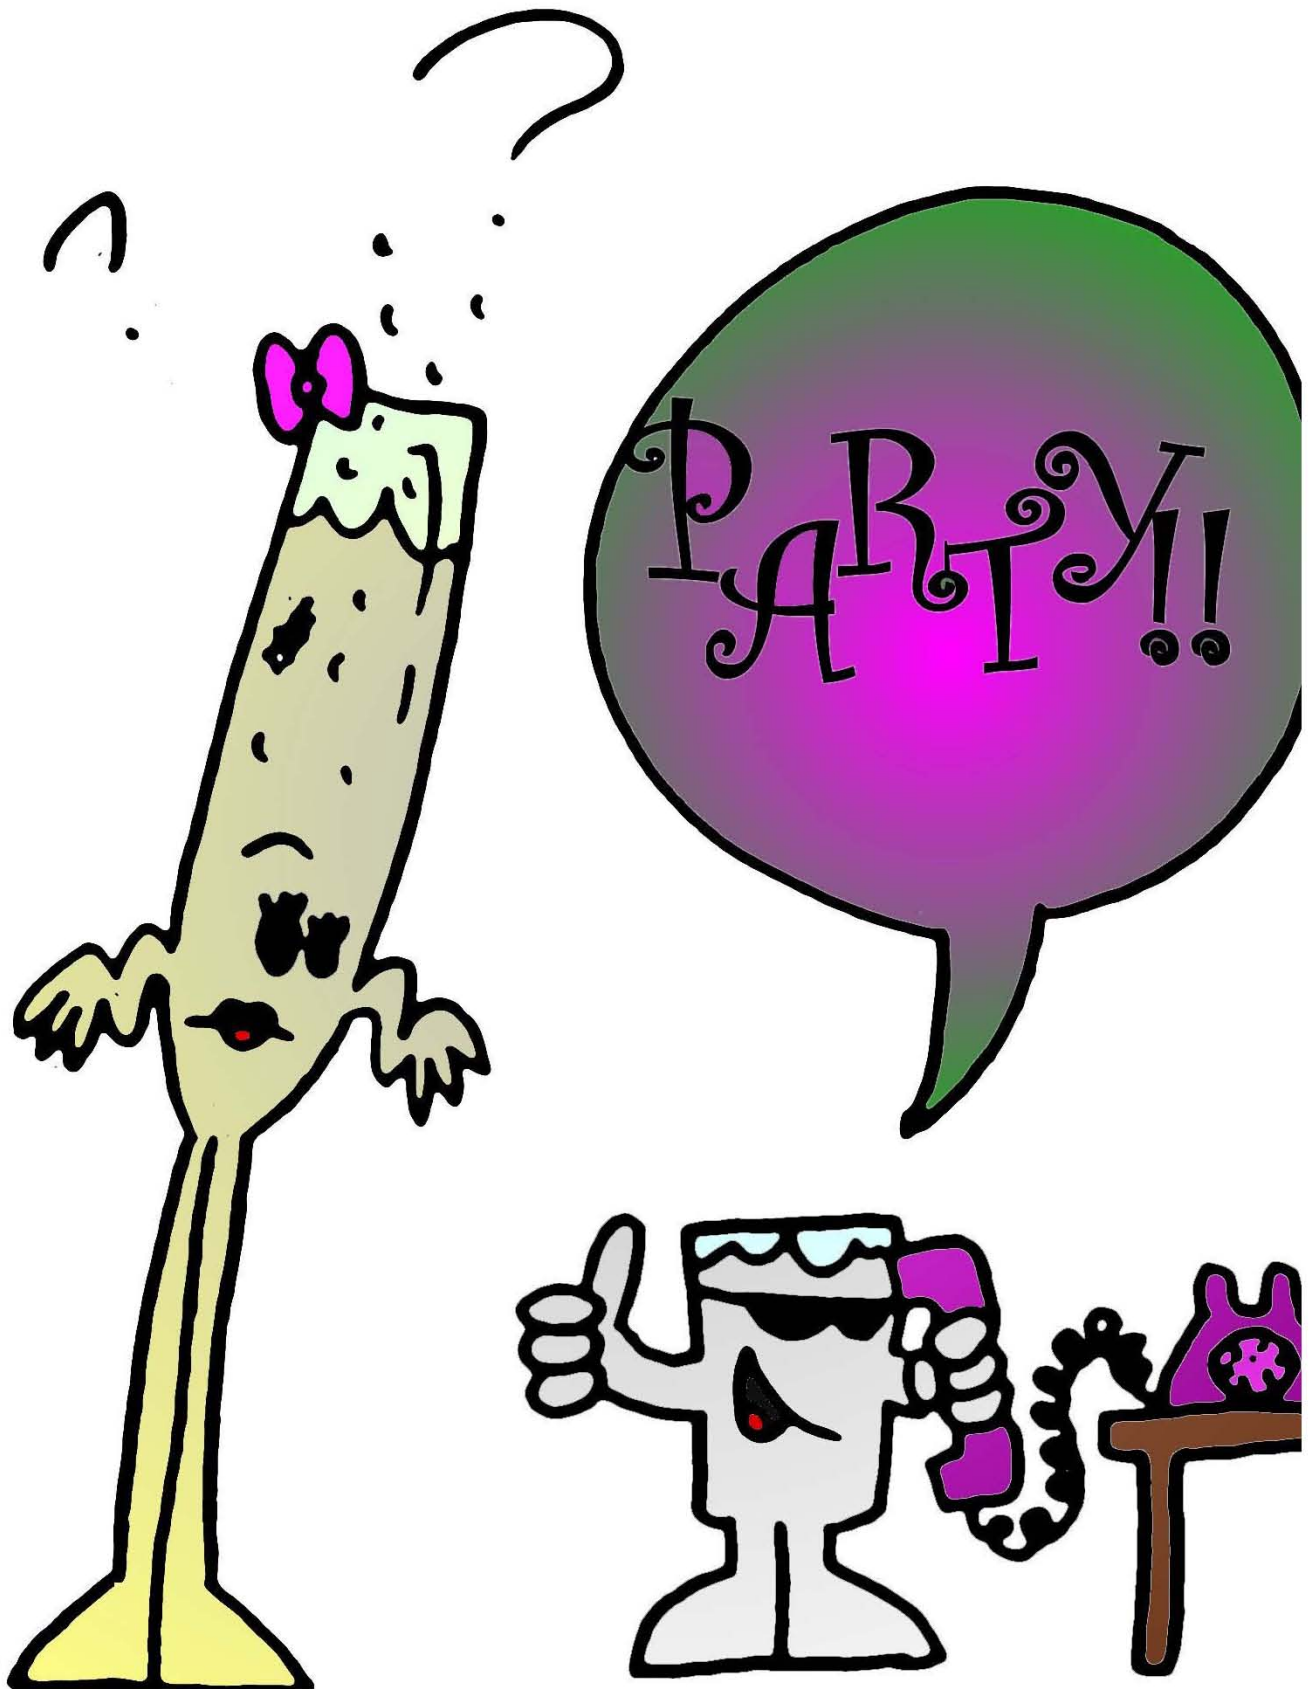

So Barry Beer decides he had better call some friends for help.

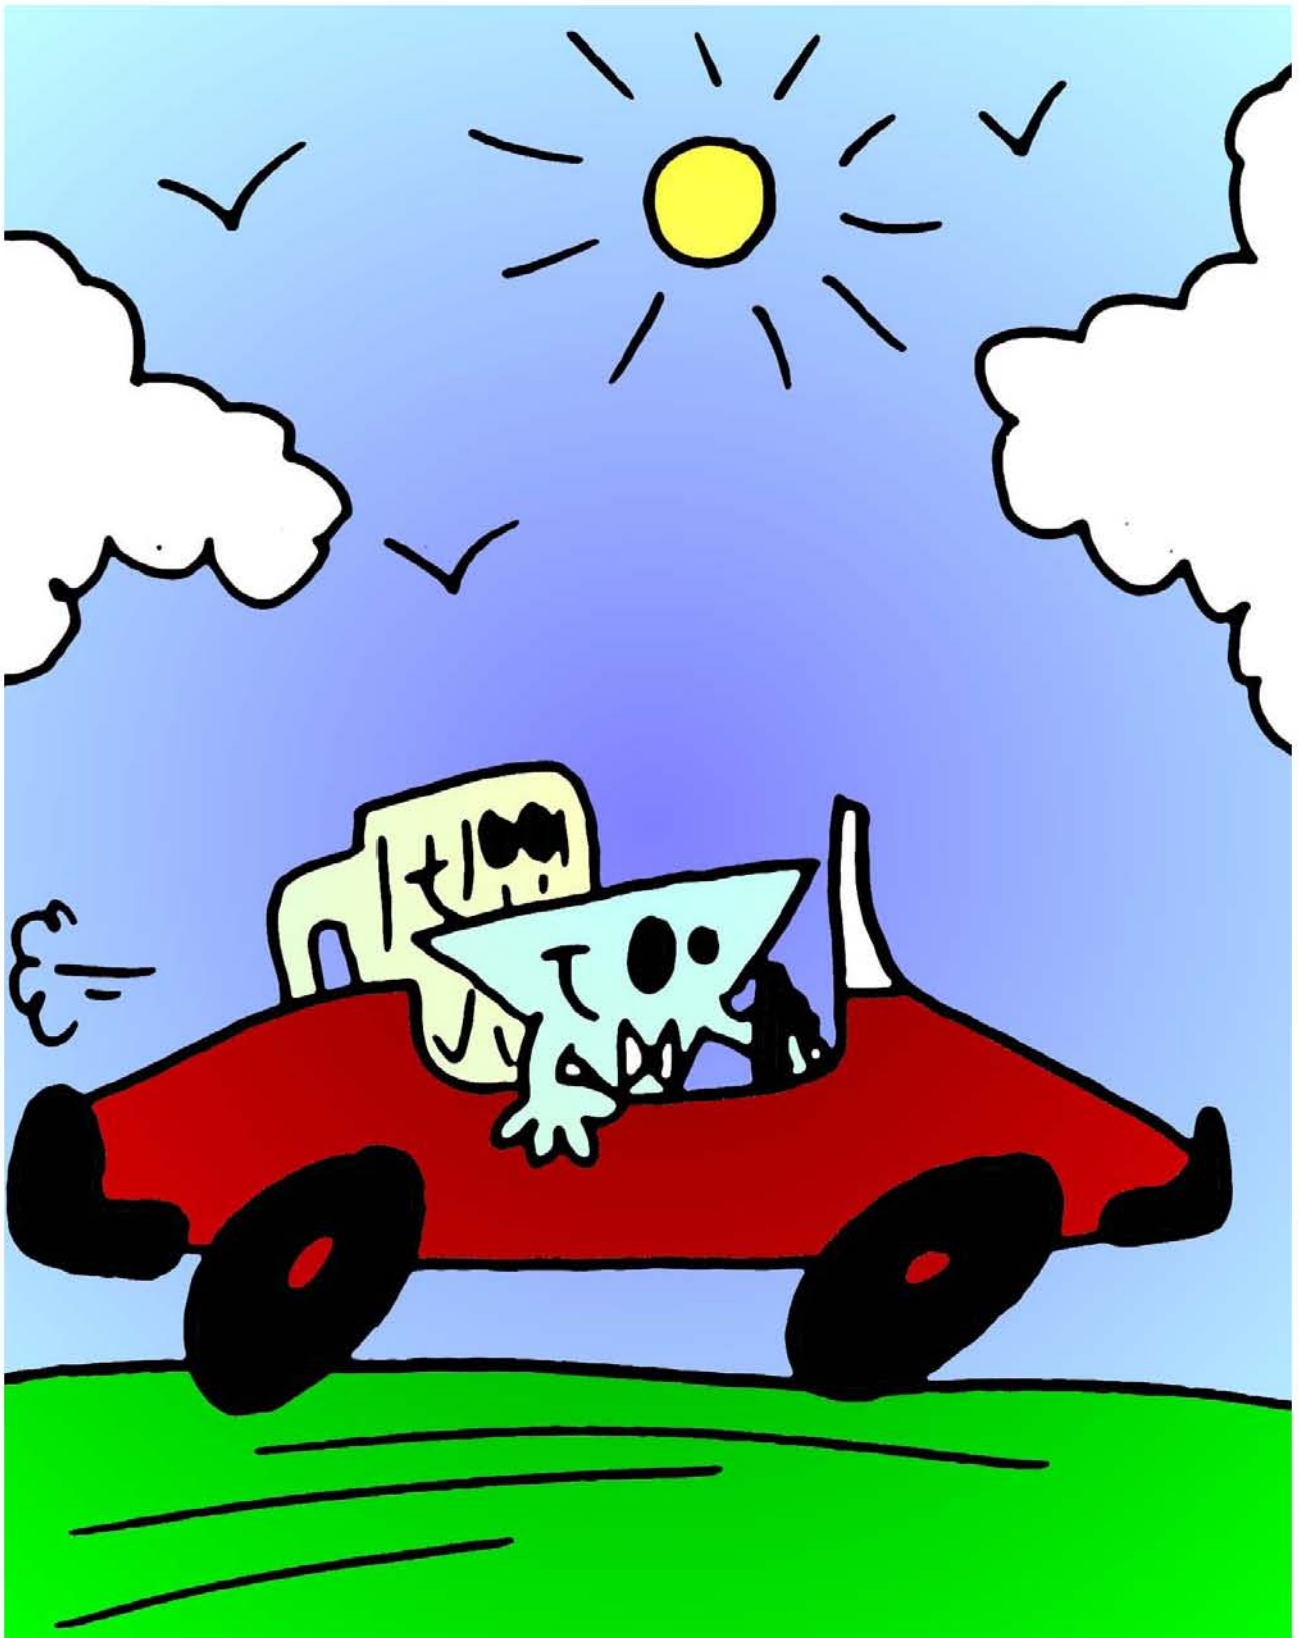

He calls Wendy Wine, but she is busy out at her winery...

Finally he gets on to Viktor Vodka & Chantelle Champagne. THEY didn't know what had happened last night either... but they suspected it was fun & wanted to do it again... so they organised a PARTY!

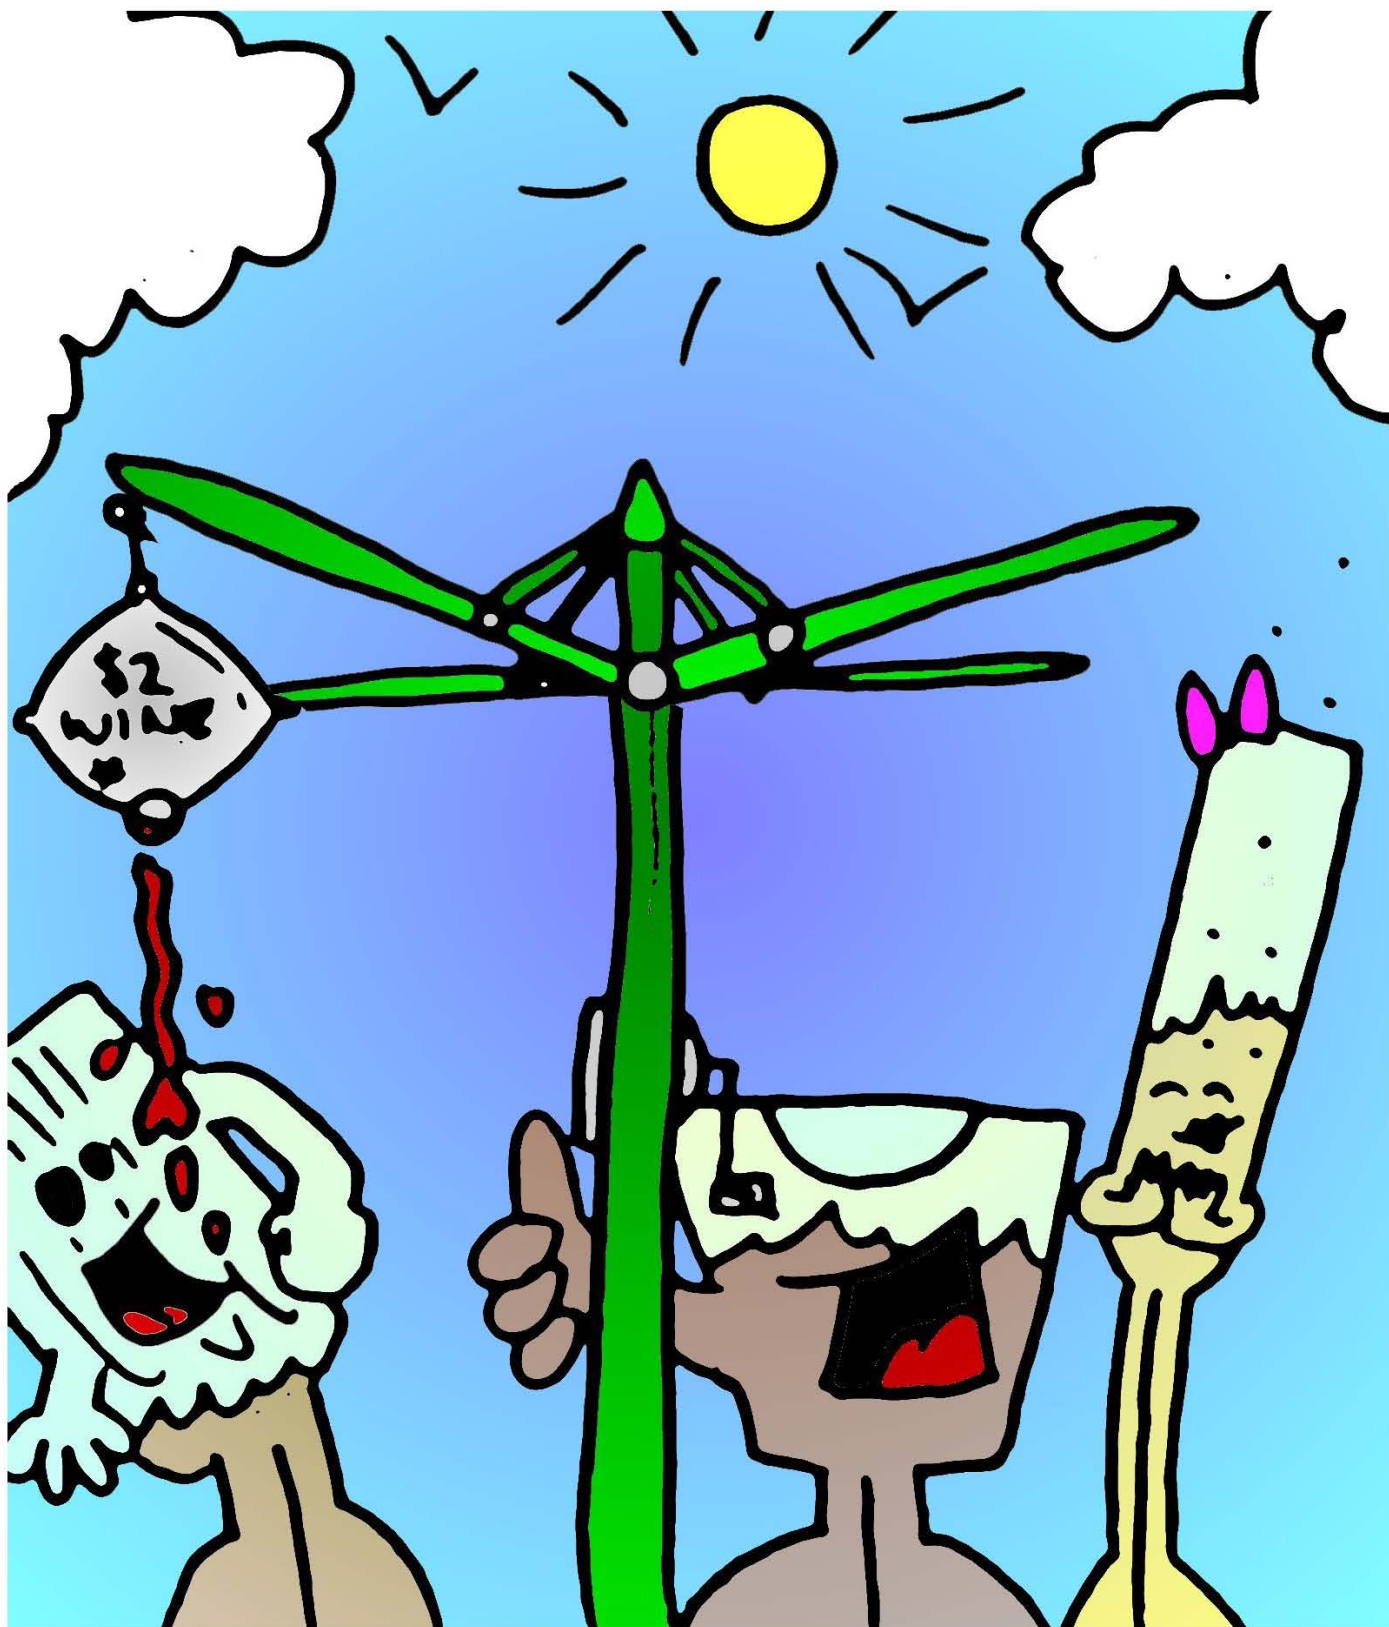

It seemed a little odd to have a party in the middle of the day... but Barry Beer was in! He needed a lift to the party because his car was empty as well... his good friend Martin Martini picked him up.

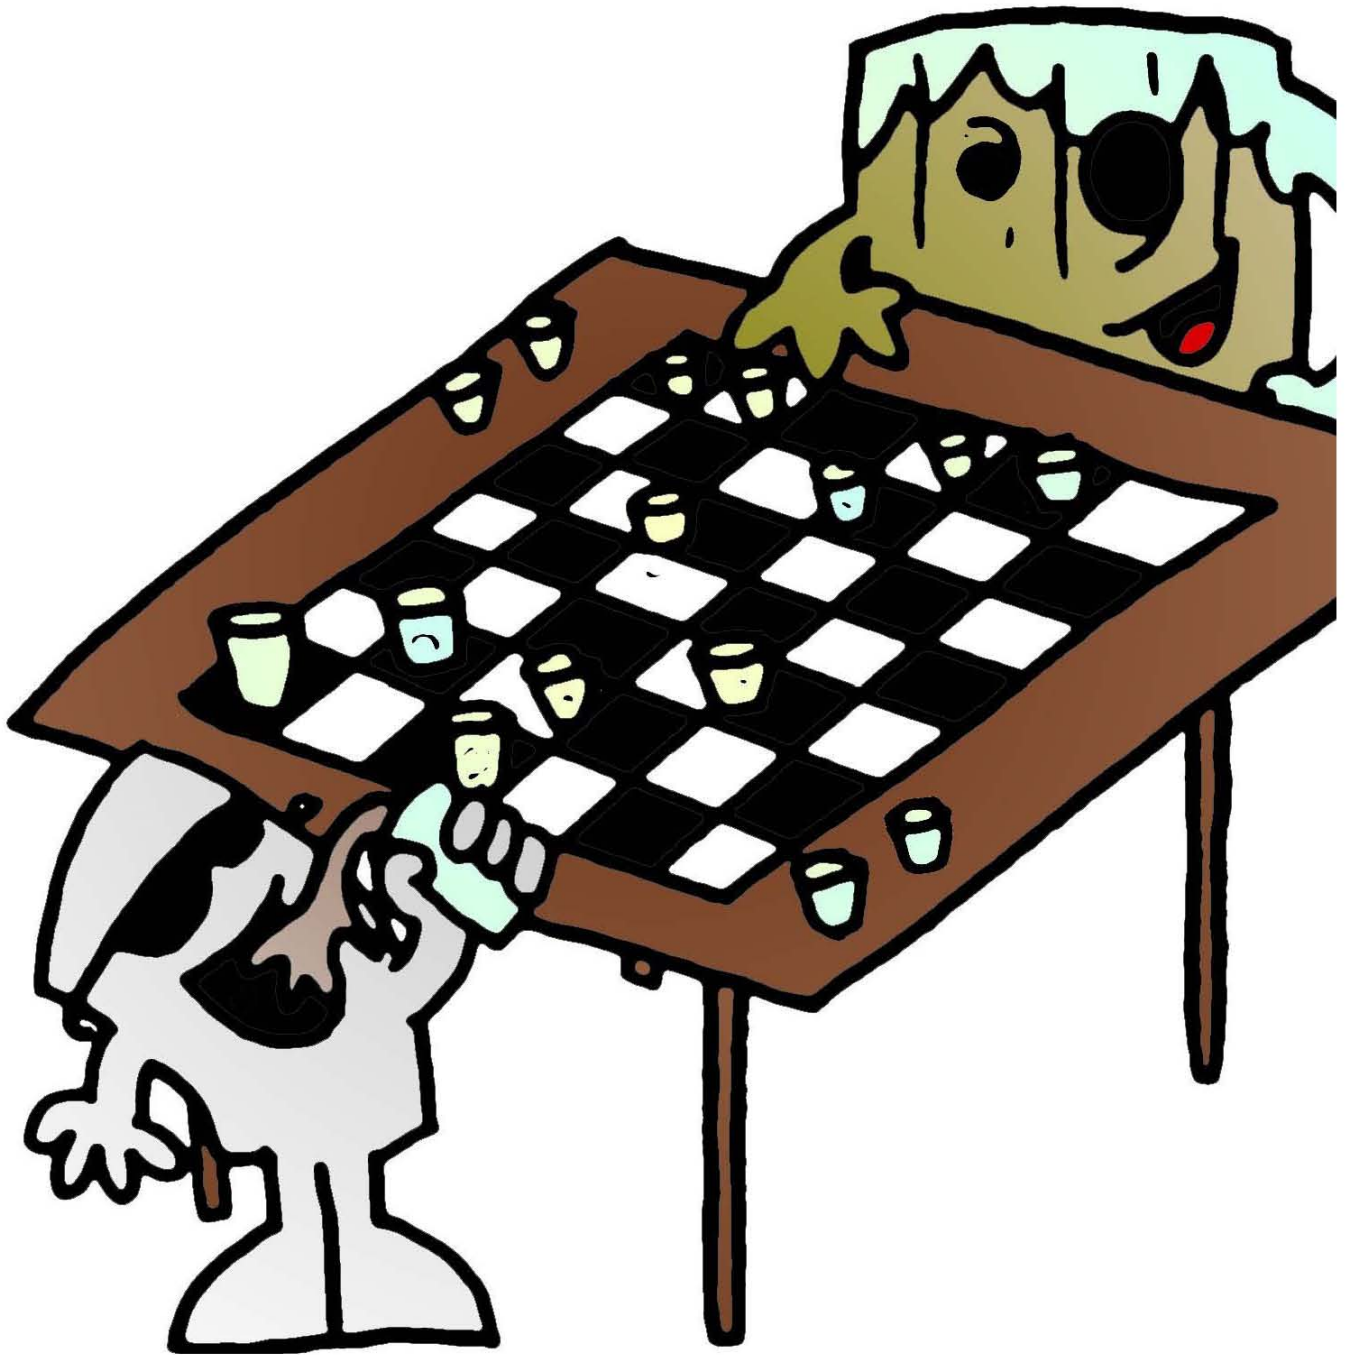

At Coraline Cocktail's place, the party was already in full swing! There were lots of games to play & lots of drinks...

There was GOON OF FORTUNE...

JELLO-SHOT CHECKERS...

& of course Barry Beer's favourite game... BEER PONG!

Barry Beer drank a LOT of alcohol, & now he was full again! His car was also full... so he stumbled home & got in to drive to where he wanted to this morning...

... what could go wrong?

## RESPONSIBLE DRINKING

If you drink alcohol, health care providers advise limiting how much you drink. This is called drinking in moderation, or responsible drinking. Responsible drinking means more than just limiting yourself to a certain number of drinks. It also means not getting drunk and not letting alcohol control your life or your relationships.

### Tips for Drinking Responsibly

The tips in this article are for people who:

- DO NOT have a drinking problem, now or in the past
- Are old enough to drink legally
- Are not pregnant

Healthy men, up to age 65, should limit themselves to:

- No more than 4 drinks a day/ 14 drinks a week

Healthy women of all ages and healthy men over age 65 should limit themselves to:

- No more than 3 drinks a day/ 7 drinks a week

Other habits that will help you be a responsible drinker include:

- NEVER drinking alcohol and driving.

- Having a designated driver if you are going to drink. This means riding with someone in your group who has not been drinking, or taking a taxi or bus.
- Not drinking on an empty stomach. Have a snack or meal before you drink and while you are drinking.

If you take any medication, including ones you bought without a prescription, check with your doctor before you drink. Alcohol can affect the way your body uses some drugs. A drug may not work correctly, or it could be dangerous or make you sick if combined with alcohol.

## Can Responsible Drinking Improve Your Health?

Many people drink now and then. You may have heard about some health benefits from moderate drinking. Some of these benefits have been proven more than others. But none of them should be used as a reason for drinking. Some of the possible benefits of moderate drinking that have been studied are:

- Reduced risk of heart disease/ heart attack/ strokes
- Lower risk of gallstones or diabetes

## Call Your Doctor If:

- You are concerned about your own drinking or a family member's drinking.
- You would like more information about alcohol use or support groups for problem drinking.
- You are unable to drink less or stop drinking, even though you have tried.
